Please include copies of the Articles of the Organization (i.e. Articles of Incorporations, Partnership Agreement etc), Company Resolution (verifying authorized signers) and EIN Verification (i.e. EIN Registration approval letter, previous year Tax Filings). Important Account Opening Information: Federal law requires all financial institutions to obtain, verify and record required information that identifies each person who opens an account, as a part of ongoing federal anti-terrorism and anti-money laundering efforts. Therefore, when you open an account, we are required by law to obtain your name, address, date of birth, and other information that we believe will allow us to accurately identify you. We may ask to see a copy of your driver's license or other identifying documents. We may also ask for similar identifying information concerning individuals with authority or control over any account, even if it is not in their own name.

Beginning May 11, 2018, new federal regulations require all banks to ask business customers who are opening an account for the identifying information (name, address, date of birth, social security number) of the business' "beneficial owners". The rule defines a beneficial owner as:

- Each individual that owns 25 percent or more of the company; and
- One individual that has the authority to exercise control of the business (such as a CEO, executive officer or treasurer)

This information is required under the Bank Secrecy Act and is intended to assist the government and law enforcement in the ongoing fight against money laundering and the financing of terrorism.

Please select the appropriate form based on the account type you are opening. The completed form **must** be included with your application in order for us to open an account along with a copy of a valid driver's license or passport for the control person and each beneficial owner.
